

Rules

The current Blood Bowl rules pack is called the Competition Rules Pack, and was previously found in the Blood Bowl Resources section of the Specialist Games part of the GW website (right). The link to the GW website seems to depend on where you are in the world, so the button below is a direct download of the latest version that appeared there.

This rulebook is the culmination of an evolution of the Blood Bowl rules in a process called the Living Rulebook (LRB). The LRB process reached LRB5, and then the Blood Bowl Rules Committee (BBRC) was disbanded with the publication of the CRP.

There is an alternative version of the rulebook with lots more pictures and words, and this can be found on the [Cyanide forum](#). It is a 77MB file though!

In addition to the CRP, however, NAF Tournaments also allow the use of the [New Teams](#) (Chaos Pact, Slann and Underworld).
