BACK STORY

The game of **Blood Bowl** was originally an ancient religious rite dedicated to the god **Nuffle**. Orcs and Dwarves stumbled upon the long-forgotten arena and used the rite to settle their differences, opting to forgo battle, in favor of civility and esteem.

However, **Khorne** still craves **battle**. **Khorne** still craves **bloodshed**. And **Khorne** demands **skulls** for the Skullthrone.

After seeing an opportunity to take skulls at an annual **Blood Bowl** gathering, the disciples of **Khorne** have descended upon the event and seized control of this year's festivities.

It will be a **bloodbath**...

Blood Bowl fans, it is my great honor to welcome you to:
